

A new concept of using the horn cover as a light globe

QWCD series is a patented product with an integrated horn and light globe.
(Patent registration : 10-1452447 horn having a light emitting part)

QWCD series	
QWCD35	Built-in standard sound
QWCD35SD	MP3(SDcard)
QWCD50	Built-in standard sound, large output sound
QWCD50SD	SDcard(MP3). Large output sound

- By using the horn cover as a light globe, the size of the product has been reduced significantly
- The color of light can be selected from red, yellow, green, or blue
- Product has two models : the basic model with 31 built-in sounds, and an external sound (MP3) type model
- Includes seven different playback functions; one function is the continuous playback function which provides constant message notification
- There are 31 built-in sounds that can be played in various environments, and supports a Binary input method
- You can save and play up to 31 mp3 files using a external SDcard
- Can easily set up the sounds using a PC
- By making the horn cover with polycarbonate (PC) material, The product has excellent durability and weather resistance
- Can be used for heavy-duty, ship, or outdoor use which requires waterproof, dustproof structure (IP66)

Built-in sound type

- 1 Sound selection switch
- 2 Volume

The input method of built-in sound type

	1	2	3	4	5
No.	1	2	3	4	5
0	0	0	0	0	0
1	0	0	0	0	1
2	0	0	0	1	0
...	...	...	...	...	...
31	1	1	1	1	1

Built-in sound type model supports Binary input mode which provides a selection of 31 different input combinations for five kinds of sounds.

You can only select 2 numbers with 1 switch; "0", "1". With 5 switches you can have 31 combinations. Selecting one sound from 5 switches is the Binary input method.

SDcard(MP3) type

- 1 Sound setting switch
- 2 MP3 playable SDcard
- 3 Play mode setting switch
- 4 Sound select switch
- 5 Volume

The sound selection method of SDcard type

Can easily select built-in sound or external sound(MP3) by using the sound selection switch.

The sound selection
0 : Select built-in sound
1 : Select SDcard

- 31 built-in special warning sounds
- Supports SDcard (MP3)
